

## **Best Practice Adopted by Sonamukhi College 2017-18**

1. Our college is located in the midst of rural blocks of Bankura district. To make the students who generally come from the socially down-trodden family, aware about the immense value of blood, our college in collaboration with the NSS unit of our college, organized a blood donation camp in this session. The enthusiasm on the part of the students was more than expectation. As the capacity of the medical team turned up for procuring blood, was limited, we, despite our strong reluctance ,had to refuse some volunteers who thronged to donate blood. Such spontaneity from the part of our beloved students encourages us to recur the same event yearly. What is more, the recreational value of such an event is not less pleasing. Though the students donated blood and it caused a little temporary weakness in them, they returned home, wallowing in pleasure.
2. Our college encourage students to celebrate teachers' day both centrally as well as departmentally to create more friendly environment and enhance great bonds among them.
3. After upgradations of office software our institution can send and communicate with each students via SMS using CAMS 3.0 software.
